## American Recovery and Reinvestment Act of 2009 Section 1511 Certification January 29, 2010

I certify that each of the infrastructure investment projects identified below have individually received the full review and vetting required by law and I accept responsibility that the infrastructure investment are an appropriate use of taxpayer dollars.

Clean Water State Revolving Fund ARRA Funded Projects List

Clean Water State Revolving Fund ARRA Funded Projects List				
Project Name	Project Number	Total Project Cost	Amount of Loan from ARRA Funds	Project Description
Aiken, City of	549-04	\$2,061,571	\$2,061,571	Construction of bioswales, pervious pavements and other low impact development practices to reduce runoff from the City of Aiken's downtown area.
Aiken County	712-01	\$3,979,500	\$3,979,500	Aiken County, who will assume ownership of the waste water collection system serving the Graniteville communi and will rehabilitate the entire collection system.
Bennettsville, City of	406-01	\$1,323,593	\$661,796	Replacement of failing sewers constructed with "Orangeburg pipe", which have caused frequent sewage spills as well as high rates of inflow and infiltration rates.
Clemson, City of	267-01	\$575,800	\$287,900	Construction of a new 300,000 gallon aerobic digester.
Dorchester County	542-01	\$4,034,983	\$2,017,491	Rehabilitation of approximately 70,000 ft. of aging sewer lines to reduce inflow and infiltration and the risk of sanitary sewer over flows, and the amount of flow going to the County's waste water treatment plant.
Florence, City of	378-19	\$18,868,479	\$4,000,000	Rehabilitation and upgrade of existing equipment and structures at the City's waste water treatment plant and raisi of several manholes in the collection system to reduce inflow and sanitary sewer overflows
Greeleyville, Town of	719-01	\$748,256	\$235,000	Construction of sewer lines to address an imminent health hazard due to failing septic tanks. These ARRA funds will help complete the project which is partially funded by a Community Development Block Grant.
Greenwood Metropolitan District	368-18	\$558,223	\$279,111	Construction of approximately 4,000 linear feet of 18" gravity sewer to replace an existing 80 year old 12" sewer line.
Grand Strand W&S Authority	381-69	\$1,743,868	\$871,934	Construction of approximately 20,000 ft. of 30" force main to divert existing flows and reduce pressures in an existing force main.
Lancaster, City of	497-13	\$1,643,700	\$1,643,700	Conversion of the existing disinfection system from chlorine gas to onsite generation of disinfectant, installation of phosphorus removal and pH adjustment equipment and water reuse system for the plant.
Laurens County W&S Commission	540-08	\$1,165,000	\$1,165,000	Rehabilitation of five aging pump stations to address sanitary sewer overflows.
Metropolitan Sewer Sub District	530-02	\$2,215,197	\$2,215,197	Metropolitan Sewer Sub District will assume ownership and rehabilitate and replace the entire collection system serving the Slater Community.
Myrtle Beach, City of	494-07	\$3,038,104	\$1,519,052	Non Point Source improvements between 6th Avenue South to 16th Avenue North and Kings Highway to the Atlantic Ocean.
Newberry, City of	320-01	\$20,736,065	\$4,000,000	Upgrade and Expansion of the City's waste water treatment plant to comply with new NPDES permit limits and accommodate growth.
Orangeburg, City of	345-01	\$4,280,163	\$2,140,081	Rehabilitation of aging sewer lines and manholes and the upgrade and rehabilitation of equipment and structures the City's waste water treatment plant.
Pelzer, Town of	513-02	\$3,482,058	\$3,480,495	Elimination of the Town's waste water treatment plant and construction of necessary transmission lines and pump equipment to transfer the waste water for the Town to a regional waste water treatment plant.
Pendleton, Town of	472-05	\$3,447,000	\$1,326,150	Phase 1A of a construction project to upgrade of the Town's waste water treatment plant to meet more stringent NPDES limits
Pendleton, Town of	472-06	\$2,327,000	\$2,327,000	Phase 1B of a construction project to upgrade of the Town's waste water treatment plant to meet more stringent NPDES limits.
Renewable Water Resources	370-50	\$3,043,949	\$1,521,974	Rehabilitation of approximately 30,000 ft of sewer pipe and 1,100 manholes to correct groundwater inflow, minimizing sanitary sewer overflows and reducing the amount water reaching the waste water treatment plant.
Renewable Water Resources	370-52	\$2,869,576	\$1,013,946	Rehabilitation of approximately 10,000 ft of sewer pipe and 500 manholes to correct groundwater inflow, minimizing sanitary sewer overflows and reducing the amount water reaching the waste water treatment plant.
Walterboro City of	441-06	\$3,062,830	\$1,531,415	Rehabilitation of approximately 50,000 ft of concrete pipe and associated manholes to reduce inflows from groundwater reaching the waste water treatment plant and reduce the risk of sanitary sewer overflows.
West Pelzer, Town of	518-02	\$1,871,449	\$1,869,887	Elimination of the Town's waste water treatment plant and construction of necessary transmission lines and pump equipment to transfer the waste water for the Town to a regional waste water treatment plant.
Total		\$87,076,364	\$40,148,200	

Robert W. King Jr., P.E.

Deputy Commissioner

**Environmental Quality Control**
